While Hong Boon and Gazuri
were talking to one another,
San Hwoon was killing himself...

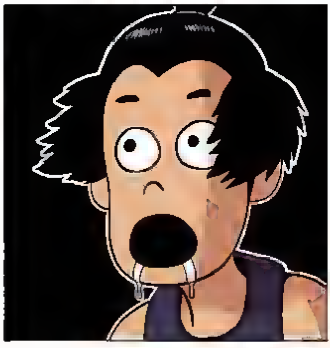
He has a strong Quilna* about him

*Quilna = Ki/Chi/Aura



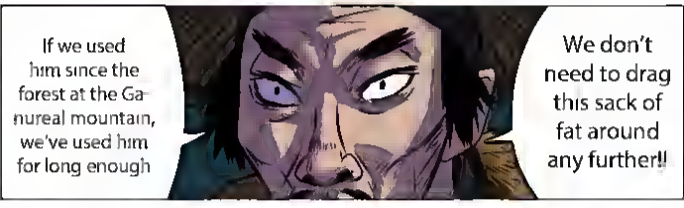
Old Baboon!!! What do you call this food??!!
I really want more!!!! Please give me more!!!!
Is there a name for that food?!! I guess it'd be called Gan-Chen Rong wouldn't it?
I hate snot-nosed brats like you...
우와!!

This is how the relationship between Gazuri and Hong Boon started so accidentally

What do you mean Han-Kwang … Do you know where Han-Kwan is?!
I don't even know these Tiger Assas-sins either, so how would I take him to Han-Kwang?
Poor pisshow!.... I didn't expect him to follow us to the death! Does he not have anywhere to go?
Let's strip him over on the boat when take back the item tomorrow.
He probably doesn't know how cruel Lord Bahamut is, and he doesn't seem all that kind so be careful until the very end.
Let us eradicate him friend.
Dasoon really.... He's just a child ...

I heard they were killing off all these soft kitties lately.... could it be...
Yeah....it's probably the Tiger Assassin's work.
!!!

D... Do you know about the Tiger hunters?!



If we used him since the forest at the Ga-nureal mountain, we've used him for long enough
We don't need to drag this sack of fat around any further!!

Then, should we take him to Han-Kwang for his personal games?

Let's just close our eyes and cleave through it all
But Dasoon, what should we do about him?

Should we continue using that useless lardhead further?

His strength is quite tyrannical...
I agree...

My god, did that bufoon do that? He is astonishing!!
There is no way that the Tiger Assassin s were able to rip apart a tiger like that... the cut isn't clean, but rather, quite ragged.
D... did the Tiger Assassins do this gruesome death?

Stay back, or you will get the same treatment!

*Respected Sunbae

Alright faschun*

Let's place the item over here

Let's hide it here and when the Kranchoons go away in the morning, we will retreive it

We were just supposed to hand it over by the ferry.

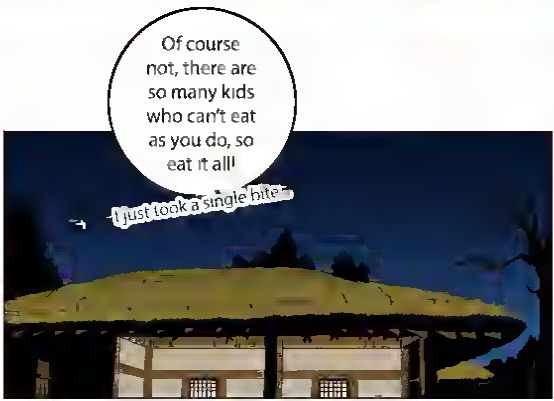
Can I throw this on your face?
Hmm? Throw what away?! Ah… The food?
달달달



Of course not, there are so many kids who can't eat as you do, so eat it all!
I just took a single bite…

This isn't… Han-Kwan by chance is it….?
Han-Kwan ??!! Of…Of course not.

Curse my fortune….
Is… Han-Kwan far away?

Of course it is… It's about 5000 ri away…
5… 5000 ri away?

If it's 5000….I still have quite some distance to go till I see him…

If that's the case… are you…

This kid is really starting to creep me out... I must at least try to get rid of him...

Shall I start heading back inside and avoiding him?

Old Baboon...

You calling me Old Baboon again?

We traded quite a lot of women to get inside, so don't slaughter viciously and stay quiet at all times!
D... Dasoon.... I'm going to take the rear!!! Dasoon!!!

Don't go inside of the sleeping area either! Others will
Hey! Be careful with that, protect it with your life!
Carry it for me...

Don't over exaggerate! Put it down carefully! Do you think it's easy becoming a Tiger Assassin or some thing?!
Lower your voice there's no good from causing a commotion and us slaughtering them all without mercy

We only had pickled cabbage so we mixed it with noodles.... please do not kill us for displeasing you.

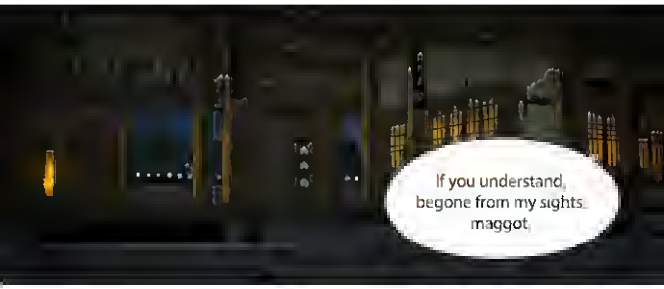
Hong Boon, you can't sleep at all? We cannot leave the house until 4 AM, since the Kranchoons will still be patrolling the area, so just try getting some sleep.

If you're still hungry, eat something that will make you drowsy so that you may sleep.



There is a tiger assassin who resides there, often selling tiger pelts and meat for quite high prices, and also trading them for mead and weapons. So be careful out there

We still have time before the envoy gets here, so we must get the tiger hide as soon as possible!!

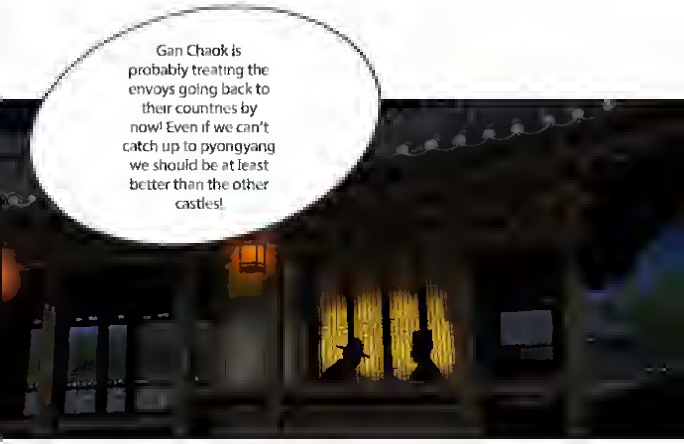
So you're going to keep all the money for yourself huh?! You foxy bastard!!

I... I've no qualms against this, my Liege

Greeting the Imperial Messenger with respect is important to this country!! from lord Yong-sang to other government is sacrificing themselves for this country...

So the citizens should try their best to slave away to my tune, right? Of course they should! Right?!
Hyun-gam I'm saying this because you shouldn't trouble yourself alone I am here for a small price

O....Of course my Liege

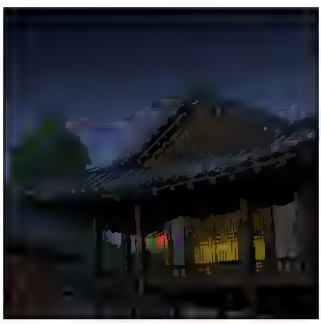


Gan Chaok is probably treating the envoys going back to their countries by now! Even if we can't catch up to pyongyang we should be at least better than the other castles!

You should've heard of this by now Hyun-gam, but the bastards who came here as the imperial messengers definitely are here to take our women or our jewellary... we cannot let them leave like this
We can't greet them with unarmed hands... equip yourselves

If we greet them poorly they'll probably say something to in front of the emperor to make us look bad,
and on top of that, I can't have an imperial messenger feeling unwelcome within my castle right?

Let's try to not be a nuisance to this kingdom
Do you comprehend what i'm saying?!!



자!
Take this, you lout

My… you're seriously weak with your liquor, aren't you?!
Didn't I tell you to catch a tiger that basically flies around the mountains and launches Quilna attacks?!

There must be no stock over here but at the borders of the country, if you search the black market there should be some tiger hide that is probably being sold to ming dynasty
And if that's not enough why don't you ask the Jeojun tribe by offering them something they want?!

Oh my goodness Of course not, my Liege!!! How could I possibly think of that?! I am too stupid to do any of that!!

주섬

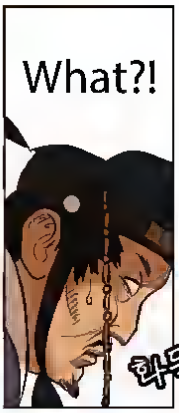
According to everything I've found out, it seems that we'll find a tiger hide soon.

I got this from a dying old man who visited the Ming Country quite often.
It's quite small but please take it.

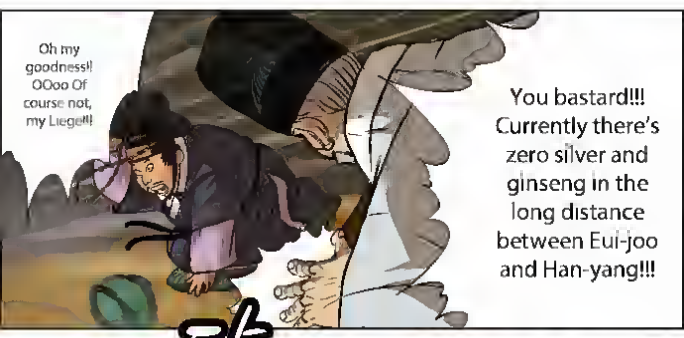
The court will treat the envoy with utmost respect even if the treasury of this country is halved!!!
And you dare to make money for yourself and dare say that spending money for the country is wasteful??!!

So we got the help of the useless peasants to set up a pitfall trap in the forests.
However there's no knowing how long it'll take to trap a tiger that wields Quilna like that



What?!
화들짝

We must treat the imperial messenger with utmost importance!!!!!
And you wish to present him with those lousy things? Rather than getting him a tiger's hide? OUTRAGEOUS!!!



Oh my goodness!! OOoo Of course not, my Liege!!!
You bastard!!! Currently there's zero silver and ginseng in the long distance between Eui-joo and Han-yang!!!
탕

You weren't able to get it?

T... That is...

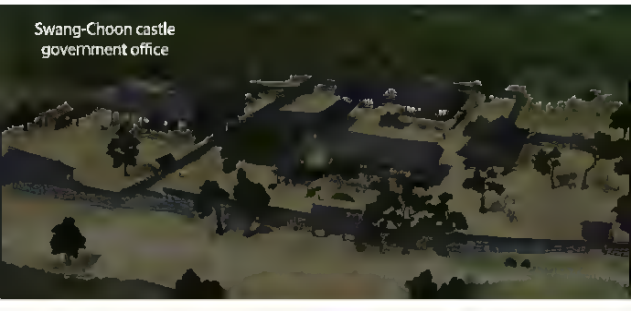
W... W... within the market right now, ever since the tribute of goods stopped coming in even if we want to get a tiger hide we cannot
And within my province we do not have young man who is a warrior...

So we can't go inside the... m.m.m... mountain to catch a tiger....

-The past story-

Two mysterious monsters come out of no where while leading an army of Chang-gwi infected tigers in the peaceful village! Chan-Goon goes through trouble in order to protect the village against the Chang-gwi controlled tigers and Mukooh however he faces danger due to Chyui's overwhelming attacks

During that time at the Settlement near the vicinity of the border, Eupsung another incident happens…



Decided to pick this up since it wasn't being released on a daily basis. Sorry if you aren't satisfied with my translations. Will try to release as frequently as possible.
